

Migrant Workers

Linguistic Solutions for Employers of Migrant Workers

Are you able to guarantee that all your employees can understand the information you are obliged to provide to them under UK law?

For example:

- Your Health & Safety policy
- What to do in an emergency
- How to do their job safely
- How to get first aid treatment

Would you like to provide your non-English speaking staff with training materials in their native language in order to speed up the learning process and maximise their productivity?

This might include:

- What clothing to wear at work
- How to use company equipment
- General in-house training manuals
- Cultural "dos" and "don'ts"

Let us break down the language barrier with our simple, cost-effective translation service.

Please contact us for more details of our services, a simple pricing guide or a formal quotation. We look forward to hearing from you.
